

CORPORATE TRAINING

Facilities and Room Rental

Please call for in company training programs!

ABRS brings you a rich portfolio of speakers, trainers and professors from Hong Kong and around the world to deliver cost effective and quality executive development programmes for line executives and senior managers.

PC / Microsoft Office
Programming & System Design
Networking & Communication

Technical IT Recruitment Test
e Learning / On-Line Training Solutions

Executive and Professional Skills:

Effective Negotiation Skills
Supervisory Management for Line Managers
Team Building
Time Management
Customer Service Excellence
Interviewing Techniques
Performance Appraisal Techniques
Presentation Skill and Public Speaking
Change Management
Effective Business Writing
Professional Selling Skills

I.T. Certification Test:

Microsoft
IBM AS/400
Lotus
Oracle
Cisco
ICCP
Sun Java

In Company MBA / mini MBA

4th Floor, Chinachem Johnston Plaza,
178 - 186, Johnston Road, Wan Chai, Hong Kong
(till 8:00pm)

CISCO Routing & Switching

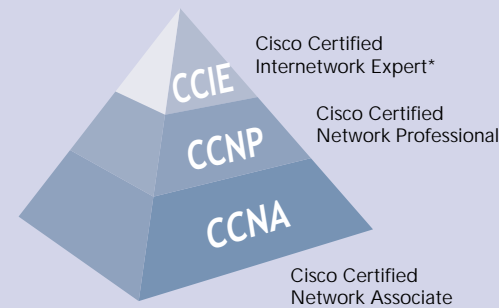

CCIE is now reckoned as the de facto professional passport in the internetworking Career arena. CCIE (Cisco Certified Internetwork Expert) was introduced in 1993 as high level certification to certify professionals with the highest level of Cisco and Internetworking competencies. CCNA and CCNP are new entry and intermediate level training certification. The current Cisco training at ABRS covers the core examination syllabus for the CCIE written test with **hands-on** practice.

Advanced Equipment & Facilities

- Cisco 4000 Routers
- Cisco 2500 Routers
- Cisco 2611 Routers
- Cisco 2620 Routers
- Cisco 1912 Switches
- Cisco 2912 Switches

Highly qualified Instructors

- Degree/Postgraduate degree in I.T.
- > 8 years in Networking & > 5 years in Cisco environment
- CCNP / CCIE / others I.T. vendor certifications

Cisco Certification - Routing & Switching

A7277 CCNP

- 1 A3220 Advanced Cisco Routing - Building Scalable Cisco Router Network (BSCN) 640-503
- 1 A3221 Advanced Cisco Switching - Building Cisco Multi-layer Switch Network (BCMSN) 640-504
- 2 A3222 Building Cisco Remote Access Network (BCRAN) 640-505
- 2 A3318 Cisco Internetwork Troubleshooting (CIT) 640-506

CCNP
Cisco Certified Network Professional

| Total Hours | Commencing on | Fee |
|-------------|---------------|----------|
| 60 | May 7 (Tue) | \$14,200 |

2 Phase Enrolment 1 \$9,000 + 2 \$5,200

Oracle/SUN Certification

Oracle Certified Database Administrator

Version 8i

<http://www.abrs.com.hk/oracle.htm>

The No.1 Database Product Certification that gives you a Distinct Career Edge with Global Recognition

A7233 Oracle8i DBA Certification Program includes:

- ① A3513 Oracle v8i SQL & PL/SQL
- ① A3507 Oracle v8i Architecture & Administration
- ② A3510 Oracle v8i Database Performance Tuning
- ② A3511 Oracle v8i Database Backup/Recovery
- ② A3518 Oracle v8i Network Administration

| Total Hours | Commencing on | Fee |
|-------------|---------------|---------|
| 56 | Mar 4 (Mon) | \$9,800 |

2 Phase Enrolment ① \$6,560 + ② \$3,240

Incl./Oracle DBA Certification Exam Guides

Oracle Certified Internet Application Developer

A7249 Oracle Certified Internet Application Developer includes:

- ① A3513 Oracle v8i SQL & PL/SQL
- ① A3514 Develop PL/SQL Program Units
- ② A3515 Oracle Internet Application Developer v6/6i - Build Internet Application I
- ② A3516 Oracle Internet Application Developer v6/6i - Build Internet Application II

| Total Hours | Commencing on | Fee |
|-------------|---------------|---------|
| 50 | Mar 4 (Mon) | \$8,800 |

2 Phase Enrolment ① \$3,860 + ② \$4,940

駕馭SUN JAVA™開發語言

official Website: www.sun.com

Sun Authorized Training

助您躍身太陽系認可IT專才

Java Technology Courses

The Java™ 2 Platform is the definitive environment for enterprises aiming to build and install Web-centric software applications that can run on a variety of computers, servers and other computing devices. It was developed in collaboration with close to 200 Java software licensees, as well as tens of thousands of Java technology developers. The next generation of Java technology, Java 2 Platform provides software programmers with the speed, security and functionality that makes it easier than ever to create interoperable, mission-critical enterprise applications.

Java technology is rapidly being adopted across all sectors of the IT industry and is widely regarded as a revolutionary platform for distributed application development.

Java technology programmers and developers may also work toward certification in the Sun Certification Programme for the Java Platform.

Java Technology Certification Pathway

1. Sun Certified Programmer for the Java Platform
2. Sun Certified Developer for the Java Platform
3. Sun Certified Architect for Java Technology

It is recommended that delegates have a minimum of 3 - 6 months post-training experience and preparation prior to taking the certification exams. Delegates are not required to become a Sun Certified Programmer or Sun Certified Developer prior to becoming a Sun Certified Architect, although it is advised.

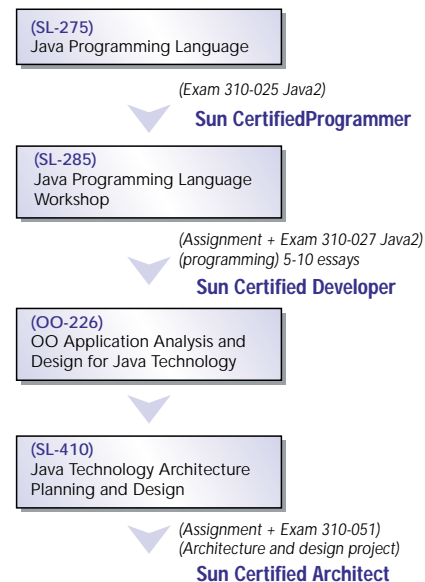

Special Evening Package
